TODAY'S DATE:

All registered Float Drivers must complete skills training as nominated by the Board of Racing Victoria, except for “new applicants” who will be given 3 months to complete this training.

What is the definition of a “new applicant”?

A new applicant is defined as somebody who has never been registered as a float driver with Racing Victoria. In this instance, the new applicant will have up to 3 months (from the date that his or her Float Driver Registration is temporarily accepted by Racing Victoria) to complete this training.

An outline of the nationally accredited training units required for the float driver category of registration, is as follows:

FLOAT DRIVERS (of a Commercial Float Company):

1. Handle race horses in stables and at trackwork ;
2. Contribute to health and safety of self and others; and
3. Assist with Transportation of Horses.

Following is some frequently asked questions relating to the completion of this training. If you have any queries, do not hesitate to contact your nearest training provider:

1. What if I already have the skills and experience, or I have already completed some training in the past?

You will still be required to complete the mandatory training. However, the process does allow for a “fast track” option, called Recognition of Prior Learning (RPL). Simply notify the provider that you believe you have the necessary skills and experience, or have previously completed training. The provider will then take your previous training or experience into consideration. Completing this training provides you with formal recognition for your level of experience gained over the years. It can also provide you with a pathway to further studies within the equine industry should you wish to experience other aspects of the industry.

2. What is the cost of completing the training?

The cost of training can vary depending on whether you are eligible for Government funding, however it depends on what level of education/qualification you already have – please ensure you discuss this with your provider. Generally, the cost of training will range from \$50 to \$150.

3. Who do I contact to complete the training?

Please contact one of the providers listed below.
