

Extension of Current Lease

No Fee Applicable

An extension to your current lease can only be approved if all particulars within the lease extension remain identical to the current lease.

Consequently, if any **share holdings, share percentages** or **personal details** have changed you must complete a new lease via the 'Lease a Racehorse' application form. This form is available at www.racing.com (Click on 'Owner' and 'Resources – Ownership Forms'). This application to extend a current lease **must be submitted prior to the current lease expiring**. Note; an expired lease is not a current lease. It is hereby agreed that the current lease of the below horse be extended as outlined below:
